Water/Sewer Commissioner Charles A. Morgan said "we are in dire trouble and in danger of losing our additional capacity if we don't raise funds for our share. Any help you can give us to get the word out for the future of Mattapoisett will be greatly appreciated. We thought we had the finances taken care of several times. The state couldn't pay its share, the Keller Company's financial picture changed, then voters turned down the debt exclusion request at the special election last year."

Selectmen Chairman John DeCosta related that when "we had $450,000 we then found out we would need an additional amount. We asked town meeting last year if voters wanted us to continue even if it meant more money - voters said yes; however, voters at the election said no. This is our second time seeking $250,000." The chairman continued, "We have set a course for the special town meeting which began when Fairhaven originally came to us and asked what reserve capacity we wanted. We asked for 250,000 gallons per day; engineers designed the new plant with our reserve figure in mind. We are legally and morally obligated to follow through."

Commissioner Morgan said "everyone wants a clean harbor and shellfish. It's ironic if we have to pay for the expansion and not profit for lack of eight cents on the tax dollar."

Selectman Daniel O. Mahoney explained the cost factor if the article is passed. "An average assessed figure of the town's evaluation is $600 million; 10 percent is $600,000 or $1. on the tax rate. A seven-year state house note of $250,000 at seven percent would cost $50,000 per year for seven years resulting in eight to ten cents on the tax rate, or, $8. on a home taxed at $100,000. After seven years there will be no further burden on the tax rate."

Mr. Mahoney asked how people with working septic systems could be convinced of the importance of subsequent long-term benefits of maintaining and improving the harbor. He added this would be the town's last chance to add this capacity and improve the water quality near the coast. The increased capacity would also allow expansion of the town's sewer system. "Personally", Mr. Mahoney said, "I feel over the next 30 years we could see an increase in the state DEP involvement and the town could be made to provide a sewer system."

The letter from the Commissioners to the Finance Committee reads, in part, "We appea for your assistance and support in spread-

ing the word of the importance to the future well-being of Mattapoisett that we not lose our opportunity to own an additional 250,000 gallons per day capacity in the sewer plant located in Fairhaven because of lack of sufficient funds.

"The fact that many areas in the town have serious septic problems is well-known. Without additional capacity, we are restricted insofar as major sewer extensions are concerned, thus adversely affecting public health, property values and the environment. Please consider the following:

" 1. This is our one and only chance in the foreseeable future to procure additional sewer capacity. There are no plans to expand Fairhaven's sewer plant again for at least twenty years, if ever. 2. Without additional capacity, we can rule out major sewer extensions. 3. Our initial request for added capacity in the now completed plant was included in the original design and in its construction. Thus, we assumed a moral and perhaps a legal obligation. The town ought not lose this valuable asset of additional sewage treatment capacity.

"The Board of Water/Sewer Commissioners is placed in an awkward position. We requested, and town meeting approved, that Fairhaven include Mattapoisett in their plans for sewer expansion. Expected federal and state matching funds have not been forthcoming. Therefore, Mattapoisett must absorb the entire cost of our desired added sewer capacity.

"We sought innovative financing to pay this cost, and appeared to have had it through the Keller Company who planned a

major development in the Brandt Island area. Their proposal would have provided the necessary added funds in exchange for the use of a portion of the capacity. Unfortunately, they have had problems and this is no longer an available option. We therefore turned to the last town meeting for funding where we received overwhelming approval, subject to a debt exclusion override. It was voted down at the subsequent special election, however, as were most such override requests.

"Time is running out and we will present this problem again at the February 4 special town meeting and February 7 special election. Our greatest challenge is to convince those who do not attend town meetings of the importance of this matter. This will be our last chance to procure this very valuable asset for our town."

Water/Sewer Superintendent William T. Nicholson said "we are looking for added capacity to cover several neighborhoods. Engineers Tighe and Bond have done a survey on the problem areas. There are two priority areas: one is Old Marion Road/ Ned's Point, then Park Street and Acushnet Road, followed by the remaining section of the village area. If these areas were added, it would increase the usage another 160,000 gallons per day. Taking our present capacity of 250,000 gallons and adding a projected 160,000 gallons, the added 250,000 gallons per day would handle the future expansions in town."

Mr. Nicholson displayed a map showing the problem areas and how the shellfish areas are affected causing seasonal and annual closures. "Some of these problem areas are contributing to shellfish closures. The area of Tupola Lane and Baker Lane under today's regulations could not be built

on due to poor drainage."

Selectman Bernard F. Talty said people already on sewer lines are paying user fees. With a larger capacity rates would be kept steady or perhaps less.

Mr. Morgan noted that before the town decided to join with Fairhaven it looked into its own system plant. "The state informed us there was not a place in Mattapoisett that would support a treatment plant."

In other business, Selectmen:

APPOINTED two reserve officers, at the recommendation of Police Chief James F. Moran. Theodore L. Lariviere of Mattapoisett and Jeffrey P. Leclair of Dartmouth will be part-time officers and their terms will expire April 30, 1991. (By April 1991 selectmen will be making reappointments for the following year.) Lariviere served six years in the U.S. Air Force gaining the rank of Sergeant. He served as a Security Police Officer and received numerous commendations for outstanding service. Leclair in December completed 15 weeks of Reserve Police Officers training at the Plymouth Police Academy. Chief Moran said, "I believe both men will be a credit to the police department and will help fill in shifts after interdepartmental training."

PLACED ON FILE the request of Carol Fetela of 40 Crystal Spring Road to be considered as a member of the Mattapoisett School Building Needs Committee. Also placed on file the name of Robert E. Liljedahl for future consideration for appointment to the Recreation Committee. Mr. Liljedahl has been in education and involved in sports and recreation for 18 years. He has three children involved in recreational activities and he has coached Little League in town.

VOTED TO PERMIT the shellfish constable Brian Nunes to open for the taking of shellfish the area from the stone groin at Camp Massasoit to Ryecroft Point westerly to the no shellfishing sign in the Mattapoisett River.

AGREED no insurance coverage is needed at this time for the old harbormaster's boat that is being stored at the town barn.

Selectmen noted the boat was donated to the town by the Lions' Club and they feel club members should be asked if they have any plans for the use of the boat. Both the police department and fire department have shown an interest in acquiring the boat for training purposes.

The board will ask each department to submit in writing its proposal for use of the boat.

WERE NOTIFIED by the state Department of Public Works that an effort to reduce and control the use of de-icing salt during the upcoming season calls for a basic policy of applying 300 pounds of salt per lane mile on certain highways. The policy is to reduce th intrusion of salt into public and private

Our commitment to service comes with a money-back guarantee.©

If we make a mistake, you shouldn't have to pay for it.

Lots of banks promise good service.

At Plymouth Savings Bank, we do more than just promise; we're putting our money where our promises are.

We know that nobody's perfect. Even banks make mistakes.

We also recognize that if *we* make the mistakes, *we* should face the consequences.

Here's how it works.

If we make a deposit or withdrawal error, we'll pay you $5.

On all deposit accounts (savings, checking, CDs, etc.), if a deposit or withdrawal error is made, it will be corrected, any fees associated will be rebated and $5.00 will be deposited in the appropriate account.

If we make a transfer error, we'll pay you $5.

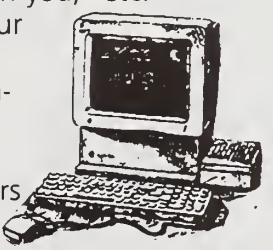
Transfers of IRAs from Plymouth Savings Bank to any other bank, if in error, will result in a waiver of the $25 fee and the customer will be given $5.

If we give you poor consumer loan service, we'll pay you $5.

If we don't have an answer for your completed consumer loan application in 24 hours, we'll give you $5.

We want you to know that service is, and always has been, a priority at Plymouth Savings Bank.

You'll never hear us say, "The computer did it," or "It's not my job," or heaven forbid, "We tried to get in touch with you," etc.



From our tellers to our operations personnel to the officers of the bank, we're committed to service.

People serving people. That's what it's all about.

It's your money and your peace of mind. When you bank with the professionals, we back up our promises with a money back guarantee.

Appropriate signs will be erected to alert motorists to changed de-icing conditions resulting from the lower application of salt on the section of Rte. I-195 from the junction of Route 240 in Fairhaven, excluding ramps, to the junction of Rtes. I-495 and 25 in Wareham. Also, Route 240, Route 105 and Route 28 will have applications of one part sand to one part pre-mix of 300 pounds per lane mile. This will mean a 60 percent reduction of salt during each application.

WILL SEND A LETTER of congratulations and best wishes to Mrs. Helen Chase of Fairhaven Road on the occasion of her 100th birthday on January 30th. In 1984 Mrs. Chase received the Boston Post gold cane from Selectman Talty.

AGREED TO SET THE DATE of Tuesday, March 26th, at 7:30 p.m. at Old Rochester Regional High School auditorium for a special town meeting for the purpose of voting on articles submitted by the Planning Board for Zoning By-Law changes. Although there are approximately 34 proposed changes, the Planning Board expects to cover only a portion of them at the March 26th meeting.

WENT INTO EXECUTIVE SESSION with Town Counsel Daniel Perry to discuss four Board of Appeals cases and one Board of Health issue which, if held in open session, might be detrimental to the town.

Special Town Meeting

FEBRUARY 4 - 12 ARTICLE WARRANT

Voters are urged by the Board of Selectmen to attend the Special Town Meeting on Monday, February 4th, at 7:30 p.m. in the Old Rochester Regional High School auditorium to consider a 12 article warrant.

Notice was received from the state Department of Revenue, Division of Local Services, that Mattapoisett has been certified in the amount of available funds or "free cash" as of July 1, 1990 of $327,757. Selectman Bernard F. Talty noted $84,000 is being requested in some of the articles for the February 4 special town meeting; this total includes the $40,000 recommended be transferred from free cash to the reserve fund.

Foremost in the articles is the first one: to follow the Finance Committee's recommendation to vote a debt exclusion for $250,000 for the sewer treatment plant rehabilitation and expansion (this figure is Mattapoisett's share to pay the cost of the rehabilitation and expansion of the Fairhaven sewer treatment plant.) The $250,000 will be used in conjunction with money previously appropriated at the 1987 annual town meeting and passed at the special town election on June 23, 1987. On the same article the finance committee is

How is good vision like an old saying?

How much trust would you have in a doctor who had two for one sales on gall stone operations? Not much, would you? Well Oxford Family Eye Care feels the same way about eye care. Unlike the franchises, we at Oxford Family Eye Care look at ourselves as a health care service - not a retail operation. Good vision is too important to be reduced to two for one sales. This health care approach has been our tradition. When you come to Oxford Family Eye Care you'll find a wide selection of frames, but more important, your prescription will be filled accurately and quickly. We also offer **EMERGENCY SERVICE.** Oxford Family Eye Care has always taken vision seriously, because we know that like an old saying, good vision can too easily be taken for granted.

recommending $4,000 be transferred from free cash to defray borrowing costs.

Article 2 - The finance committee recommends $7,000 be appropriated from water retained earnings to purchase engineering services to assist the town in compiling information and preparing necessary reports and data for the filing of a Comprehensive Water Management Act Permit as required by the state Department of Environmental Protection, Division of Water Supply. This request is made by the Water/Sewer Commissioners.

Article 3 covers various department unpaid bills for fiscal 1990 in the amount of $2,908.05 and the finance committee recommends this be taken from free cash.

Article 4 seeks $21,269.24 from free cash to supplement the fiscal 1991 budget to money previously appropriated at the 1990 annual town meeting. The finance committee is making this request.

Article 5 seeks to transfer sums of money from one department to another which will not add to the budgets. The finance committee also recommends this article.

Article 6, placed by the Finance Committee jointly with the Board of Selectmen, asks voters to increase the size of the Finance Committee from its present five members to seven members. The committee is made up of members as follows: one member from the center, one from the north, one from the east, and one from the west portions of the town, and three members-at-large.

Article 7 seeks to allow the annual town meeting to be held on a day other than the third Monday of May each year by amending

the general by-laws as follows: The election of all necessary officers by official ballot shall be held on the first Tuesday of April of each year and the annual town meeting shall be held on such day in May of each year as the selectmen shall determine. The selectmen are seeking this change to allow those who have been unable to attend evening meetings, especially more than one evening in a week. Selectmen note they have had numerous requests to consider a change to Saturdays and have agreed to give voters an opportunity to be heard on the issue.

Article 8 is recommended by the finance committee for a transfer of $7,500 from free cash to defray the cost of providing a place for storage within an existing public building of books and records of the town for their preservation, security and convenient use. The article was placed by the selectmen and is recommended by them. The new police station is being considered for the storage building because of its security, space and the temperature can be controlled with slight modifications.

Article 9, placed by the Selectmen and the Board of Health, seeks $3,000 from free cash to be held in a separate account to be used exclusively by the town for the purpose of defraying expenses for recycling or compost-

ing the town's solid waste.

Article 10, placed by the Selectmen and the Harbormaster/Wharf Commissioner, seeks $300,000 to be borrowed, with the annual principal and interest be paid for by the Waterfront Enterprise retained earnings. This sum would be used to defray expenses for repairs to the town wharves. The article also seeks $4,000 to be transferred from free cash to defray borrowing costs.

Article 11, placed by the Selectmen and the Harbormaster/Wharf Commissioner, seeks $11,320.08 to be transferred from the Waterfront Enterprise Fund to pay K.D. Tripp, Inc. for the reasonable value of repairs performed on the town wharves in November 1990.

Article 12, placed by the finance committee, asks voters to transfer the sum of $40,000 from free cash to the Reserve Fund.

Special Town Election Override

FEBRUARY 7th

Although there is only one question on the ballot of the Thursday, February 7th, special election, Selectmen and Water/Sewer Commissioners urge voters to go to the polls at Old Hammondtown School between the hours of 10 a.m. to 8 p.m.

The article asks voters to pay the principal and interest on a $250,000 bond which is in addition to the $450,000 bond previously issued by the town for the purpose of defraying the town's share of the Fairhaven Sewer Treatment Plant. This is a majority vote.

"Shall Mattapoisett be allowed to exempt from the provisions of Proposition 2½, so called, the amounts to defray the town's share of the cost of the rehabilitation and expansion of the Fairhaven Sewer Treatment Plant as shall be agreed upon by the Towns

It has been explained by the Board of Selectmen if the vote for a Debt Exclusion is passed it will result in an eight to ten cent increase on the tax rate, or $8. to $10. increase on a homeowner's property assessed at $100,000. It will not be a permanent increase but will last only the term of the bond.

eye talk

Q. I'm 71 and my eyes are dry and itchy. What can be done about this?

A. Dry eyes are a common complaint as we grow older. The usual cause is a malfunctioning of the tear glands.

Other possible causes include certain diseases; vitamin A deficiency; some drugs such as diuretics used in the control of high blood pressure and heart conditions; or an extremely dry environment.

Symptoms include a scratchy, sandy feeling; itching; burning, mucus secretion; light sensitivity; redness; pain; and sometimes difficulty in moving the eyelids.

If you are experiencing any of these, seek professional help. Bring symptoms to your optometrist's attention before the examination begins so that needed tests can be provided.

If the underlying cause of your dry eyes cannot be corrected, your optometrist may recommend using a liquid tear substitute to bring relief.

Marion Planning Board

HEARING ON PROPOSED CHANGES
ZONING BY-LAW

The Marion Planning Board will hold a hearing on Monday, February 4th, at 7:30 p.m. in the Marion Town House Conference Room on a set of proposed changes and additions to the Marion Zoning By-Laws.

The two longest of the proposed by-laws are the one on Signs and the one on a Protection District for Marion's part of the Sippican River. The proposed Signs by-law has been completely redone from last spring to incorporate all the good advice given the Planning Board. It has also been noticeably shortened. The Protection District is based on the one that passed Rochester's special town meeting last fall with an almost unanimous vote. It seems sensible to the Planning Board that the two towns work in concert.

The shorter changes include: eliminating the 10% restriction when adding an "in-law" apartment; requiring that any future accessory piers be on lots conforming to the current lot requirements; modifying the Marine Business District to include more of the land by Hammett's Cove and making Association Piers a Permitted Use in Marine Districts; requiring that, if any lot containing

ATTENTION: COMMUNITY-MINDED CITIZENS OF MATTAPOISETT

Election papers are now available at the Town Hall for three new positions on the Library Board of Trustees. The Board of Trustees is expanding from 3 to 6 members; therefore, a three year term, a two year term and a one year term are to be filled. The board meeting times will be set by the new board.

Mattapoisett Election Update

Water/Sewer Commissioner Charles A. Morgan has issued a statement regarding his term of office which expires this year.

"My present term as Water/Sewer Commissioner is rapidly coming to a close. I have enjoyed this fascinating, challenging, ever-changing and stimulating public service for approximately 30 years in one capacity or another, and I feel it is time for someone else to have an opportunity to so serve. I would urge any resident who is looking for an interesting and valuable way to assist the town and have a real impact on its future to see the Town Clerk as soon as possible and to file for the office.

"Only if it appears that no one else comes forward will I consider requesting another term", Mr. Morgan said.

Land Trust Seeks Proposals

The Mattapoisett Land Trust wishes to announce formally that it is welcoming proposals from charitable, non-profit organizations interested in using the Henry Dunseith property. The farmhouse, former train room and grounds, located by the famous Mattapoisett Seahorse, are held in trust by the Mattapoisett Land Trust. The Land Trust is seeking local, qualified, non-profit organizations which might use some or all of the facilities on a part or full-time basis. A qualified organization must be charitable and non-profit as defined in Massachusetts General Law.

The Land Trust is open to ideas, and it is asking interested parties to submit a preliminary, written letter outlining a proposed use for the house. The Trust will evaluate the responses and contact the organizations whose ideas are the most appropriate and workable for the property. Please keep in mind that this is not a formal

to them and we have received lots of letters back from them. The students and teachers from my school tied yellow ribbons around all the trees at school and on the houses and trees on Shaw Street.

The entire school joined together in the cafeteria, the day the war started, for a moment of silence, the Pledge of Allegiance and the singing of the Star Spangled Banner.

If We Must Wage War ...

WHY NOT FIGHT SMART?

DCJ

According to an Associated Press release this past weekend, President George Bush "refused to rule out" that Hussein might remain in power after the war. If this is to be the case, why are we exposing United States service men and women to all of the horror of war? Iraq had no manufacturing capacity unlike Hitler's Germany - the last such threat to the world. The French built the nuclear

plant, the Germans sold the gas and the technology to manufacture poison gas, the Soviets sold Hussein the MIGs and their latest battle tanks. The French sold their latest fighter planes. The United States sold Iraq the latest in computer technology together with Bell helicopters and other odds and ends. Italian bankers financed the deals, etc., etc. Hussein bought his way. If Hussein had not, his army would be attacking on camel back. Greed furnished the power to wage modern war. The United States would be foolish to expend its resources and a generation of young people to leave this ruthless, crafty killer in power.

Saddam Hussein wants us to attack into his terrain against dug in positions for a land war. Why should we fight his war? When we are sure that our air power has pulverized Iraq's nuclear plants, poison gas plants and germ warfare factories, why not declare Phase I as won.

There are different kinds of victory. The ultimate support of our service men and women is to pulverize Iraq from the air, then to blockade them by sea and by land until they run out of ammunition, spare parts, food and hope.

Kuwaiti citizens could then be invited to regain their own country from a weak Iraq. If they are willing to fight for their own land, they could do it.

After that, the real war could start. The United States could turn to the United Nations, to its "allies" in Europe, to the U.S. Military industry and try to persuade all to quit arming dictators in the Middle East or elsewhere in our volatile world.

That would surely be the toughest war we ever fought but we could threaten them. We could say that we are finished with bailing out the merchants of war. It is only one short year since the Berlin Wall came down. A dangerously armed Hussein has managed to snatch away the joy of that victory. We should fight smart for once in modern history.

Sippican Lands Trust Lectures

The Sippican Lands Trust presents two winter lectures:

The Marsh - A Natural Septic System with Susan Peterson, on Thursday, February 7th. As President of Ecological Engineering Associates of Marion, Susan is currently implementing a program at the Marion sewage treatment plant to process waste from boats. Here is our opportunity to learn from an expert about the natural processing of wastes.

The Bay - A Coalition Approach with Mimi McConnell on Thursday, February 28th. As Executive Director of the Buzzards Bay Coalition, Mimi can help us to explore regionalization in order to manage the resources, protect the shores, and control pollution on and around Buzzards Bay; plus "A Wind That Shook the World", a 20 minute film about the damage of the 1938 hurricane on our coastline.

Both lectures will be held in Lyndon Auditorium in the Academic Center at Tabor Academy at 7:30 p.m.

We look forward to seeing you there, and please bring along a friend.

SPECIAL TOWN ELECTION

FEBRUARY 7, 1991

COMMONWEALTH OF MASSACHUSETTS
W A R R A N T

SPECIAL TOWN ELECTION **FEBRUARY 7, 1991**

To either of the Constables of the Town of Mattapoisett,

GREETINGS:

You are hereby directed to notify and warn the inhabitants of the Town of Mattapoisett qualified to vote in Town Elections and in Town Affairs, to meet at the Old Hammondtown School in said Mattapoisett on THURSDAY, FEBRUARY 7, nineteen hundred and ninety-one, at ten o'clock a.m., for the following purposes:

QUESTION NO. 1

Shall the Town of Mattapoisett be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts to defray the Town's share of the cost of the rehabilitation and expansion of the Fairhaven sewer treatment plant as shall be agreed upon by the Towns of Fairhaven and Mattapoisett?

YES _____ NO _____

SUMMARY

Chapter 59 of the General Laws provides for an exemption from the two and one-half percent tax levy limit of the amounts required to pay for certain future bond issues.

Question 1 would so exempt the amounts required to pay the principal and interest on a $250,000.00 bond to be issued for the stated purpose. The bond to be issued is in the amount of $250,000.00, which is in addition to the $450,000.00 bond previously issued by the Town for the same purpose. The proceeds from the bond will be used to defray expansion of the Fairhaven sewer treatment plant. This proposal shall be deemed approved if a majority of the persons acting thereon shall vote "Yes".

The polls will be opened at the Old Hammondtown School at ten o'clock a.m. on said Thursday, February 7, 1991, and will close at eight o'clock p.m.

And you are directed to serve this Warrant by posting up attested copies thereof at the several places designated in the Town By-Laws fourteen days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant with your doing thereon to the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this eighth day of January in the year nineteen hundred and ninety-one.

MEDICARE ENROLLMENT PERIOD

The general enrollment period for the medical insurance part of Medicare runs from January 1 through the end of March. During these three months, people who passed up the chance for this protection or who dropped out can enroll again. Protection for people who sign up during the general enrollment period will start next July.

When deciding if you should sign up for the medical insurance part of Medicare, you should know that policies from many private health insurance companies are designed only to supplement Medicare. They recommend that their policy-holders sign up for Medicare Medical insurance to have full protection.

SOCIAL SECURITY STATEMENT OF BENEFITS

Every person who received or repaid any Social Security benefits during 1990 should have received a Social Security Benefit Statement during January 1991. This form shows the amount of Social Security benefits the person received as well as the amount of benefits they repaid during 1990. This form should be used just as any other form 1099 when you complete your Federal income tax return for 1990.

Tobey Sibling Program

Area youngsters awaiting a new brother or sister can learn just what to expect, at Sibling Classes sponsored by Tobey Hospital.

The next class will be held on Saturday, February 9th, from 1:00 to 2:30 p.m. in the hospital library. The program is open to all children aged three and over.

Those participating will learn how to diaper, feed, and cuddle the new arrival, and will take tours of the maternity department including observing newborns in the nursery. The program also includes a brief slide presentation on how a baby is born.

The class is limited and pre-registration is required. The fee is $10.00 per child ($5. per each additional child in the same family). To register call 295-0880, 205.

Self-Study, Sippican School

Marylou Hobson, Principal of Sippican School, has invited parents of school children and other community residents to assist in the self-study of school programs which is currently being conducted by the school staff. This self-study is part of the evaluation accreditation process of the Commission on Public Elementary Schools of the New England Association of Schools and Colleges.

Mrs. Hobson noted that all aspects of the school will be evaluated by the professional staff during the self-study.

Input from the community is needed.

Within the next week and a half, questionnaires will be distributed through the school and at the following locations:

Marion General Store, Elizabeth Taber Library, Plymouth Savings Bank, Sippican School.

Veterans' Up-Date

NATIONAL GUARD & RESERVISTS
RIGHTS TO RETURN TO OLD JOBS

Military reservists called to active duty during the mid-east crisis have the right to return to their old jobs if they meet certain requirements.

There are three requirements contained in the Veterans' Reemployment Rights (VRR) law that must be met. The National Guard or Reserve member must have held an "other than temporary" position (but not necessarily a "permanent" job), leave the civilian job to go on active duty, receive a certificate indicating that the service was satisfactory.

next to the Sippican Coffee Shop

An employee serving more than 90 days and less than 180 days on active duty must request to be reinstated to their civilian employment within 31 or 90 days depending on the type of orders received during their tour of duty. An employee serving 180 or more days on active duty has 90 days to reapply.

When returning to work, the service woman or man does not get back on the seniority ladder where he or she left it. They return to the point the person would have reached if he or she had not entered military service. That could be the same position or a higher or lower one.

The VRR statute applies to those who leave their jobs voluntarily or involuntarily. Persons leaving civilian jobs for active duty are not required to request a leave of absence or even to notify their employer that military service is the reason for leaving. However, we encourage anyone called to active duty to give their employer as much information as possible; a written notice is recommended.

Different rules apply to reservists and members of the National Guard who are called to training duty. Persons attending summer camps or weekend drills must notify their employer in advance of the training. The employer must grant leave but pay is not required. The members must report

STANG FINALIZES AUCTION PLANS

Plans are well underway and committees working hard on the final touches for "A Taste of Manhattan". Bishop Stang's second annual benefit auction. The gala, scheduled for Friday, March 8th, will again see White's of Westport transformed into the best of Manhattan. Stroll through the silent auction neighborhoods of Little Italy, Chinatown, Fifth Avenue and don't forget Seventh Avenue, the fashion capital. Nancy Sylvia of Dartmouth and her Decoration Committee along with Stang art students under the direction of Gary Rego are hard at work putting the finishing touches on the cityscapes.

Maureen Armstrong, Chairperson for the Auction, is pleased to announce that John George will again be the auctioneer for the event. Anyone who has seen him with gavel in hand knows that the evening is guaranteed to be entertaining. He will conduct the oral auction after the guests have sipped

"PASSPORT' TO POLAND"

The Durant Sail Loft Inn Travelogue Series presents "Passport to Poland" on Friday, February 1st, at New Bedford's Zeiterion Theatre.

"Passport to Poland", the second film of the Travelogue series, is hosted by James Cole. Mr. Cole will guide his audience through this pivotal country in central Europe. He will begin his film in Warsaw, the village the Nazis destroyed and the Poles rebuilt from the original plans and the buildings that were left after the war. The journey continues with Krakow where the beautiful Wawel Castle stands reminiscent of a glorious past. In this historic town you will also

TOWN OF MATTAPOISETT
PLANNING BOARD
PUBLIC HEARING

The Mattapoisett Planning Board will hold a Public Hearing in accordance with G.L. c.40A s.5 on THURSDAY, FEBRUARY 11, 1991 at 7:00 P.M. at the Old Hammondtown Town School Cafetorium to discuss the following proposed Zoning By-Laws

ARTICLE 1: MATTAPOISETT RIVER AQUIFER PROTECTION DISTRICT: Given current and long term municipal fiscal constraints, residents of Mattapoisett do not appear to have the luxury of spending large sums to clean up and treat the aquifer water supply if it becomes polluted. Development is rapidly encroaching on the aquifer. This proposed by-Law addition will create an overlay aquifer protection district, which will permit only those uses which will not have adverse impact on the aquifer. The proposed By-Law has been adapted from the 1988 SRPEDD report entitled "Mattapoisett River Aquifer Protection Plan".

ARTICLE 2: CLUSTER HOUSING: A number of communities throughout Massachusetts and New England have adopted zoning regulations that allow more flexibility in the development of single family home subdivisions. These regulations are generally referred to as "Cluster Zoning". For the privilege of reducing the required lot sizes to a stated percentage of regular zoning requirements, the developer is required to set aside an equivalent space that will be preserved as "open space". the density of development is governed by the number of lots that could be obtained under a normal subdivision of a site. Since each lot will have to meet Board of Health Title V standards, there may be areas of Mattapoisett where clustering is not feasible.

ARTICLE 3: GENERAL BUSINESS DISTRICTS: Current zoning allows the construction of multi-family dwellings along Route 6 in the General Business Zone. Because of the limited depth of the zone, it may not be prudent to allow multi-family housing that is situated too close to the highway. This proposed change to the By-Law will allow multi-family used in this area only after the issuance of Special Permit.

ARTICLE 4: PRE-EXISTING NONCONFORMING USES: Adds a requirement to submit to the Board of Appeals a report of a registered professional engineer as to the adequacy of an existing subsurface sewerage disposal system for special permit applications.

ARTICLE 5: WATER USE DISTRICT: The Mattapoisett Zoning Map shows no zoning designation for the water areas of the Town. Although Mattapoisett has not experienced any unusual problems to date, there is no assurance that some ingenious way to use the water area will not be proposed.

ARTICLE 6: SPECIAL PERMIT GUIDES: Requires that other Town boards, i.e. Planning Board, Conservation Commission and Board of Health, be involved in the special permit granting process and that specific findings must be made to grant a special permit.

ARTICLE 7: ZONING MAP WU: Amend the zoning map to show the symbol "WU" for all salt and brackish water areas within the municipal limits and seaward of the mean high water.

ARTICLE 8: DEFINITIONS: Redefines "Special Permit Granting Authority".

ARTICLE 9: ESTABLISHMENT OF DISTRICTS: Amends Section IV.A -"Types" to include new districts created by these proposed by-law amendments.

Complete text of the proposed by-laws and maps are available for inspection in the Town Clerk's office during normal office hours.

You can get more than college credit courses at Bristol Community College. Students can also learn new hobbies or new philosophies aimed at enriching their lives with non-credit courses.

Non-credit courses are offered by BCC's Continuing Education office and are not funded by the state.

"We offer a smorgasbord of non-credit courses", said Janice Motta, dean of continuing education. "People can choose from lots of fun and enlightening learning opportunities, away from the pressure of grades and tests.

"You can learn business skills with Introduction to Clerical Skills, Bookkeeping or computer courses. Or you can learn self-improvement skills such as sign language, Health and the Art of Touch, and even how to stop smoking or lose weight through hypnosis".

There are also lots of arts and crafts courses, such as quilting, crewel embroidery, and watercolor painting, Ms. Motta added. "In fact, there are more than 70 different courses offered this spring, and some of them

MACRAME CLASSES

Macrame Classes are now offered to adults as well as children. Knots, knots and more knots, come learn how to make all the knots into something beautiful at the macrame class sponsored by the Wareham Recreation Department.

A nine week macrame class is offered to anyone ages eight to adult on Thursdays from 3:30 to 4:30 p.m. in the Wareham Town Hall Cafeteria. The fee is $10. for the session.

Participants will learn the basic macrame knots for the first few weeks, then do an individual project. Projects will range from wall hangings to plant holders.

Macrame class instructor is Marsha Holmes who has previously taught adult classes in Florida.

Registration for this session began on January 22nd and continues until the class is filled or February 8th. Register at the Recreation Office on the ground floor of the Wareham Memorial Town Hall. For additional information contact the Wareham Recreation Department at 291-3186.

Tobey Hospital Guild

JANUARY MEETING

The January meeting of the Tobey Hospital Guild will be held on January 31st at 12:30 p.m. at the Church of the Good Shepherd.

The program will be on "Dried Flower Arrangements", and the speaker will be Sharon Mendes. The program will be most interesting. Refreshments will be served. Visitors are welcome.

Save Campbell Labels

Help Fairhaven Savings Bank's Mattapoisett branch help the children at the Old Hammondtown and Center Schools. The cold weather has arrived and there is nothing like a bowl of hot soup to warm you up. So, help the children and eat a bowl of soup. February is the last month to drop off your Campbell Soup labels.

Winter Beach at Sunset

LLOYD CENTER

A beach is never the same place twice, but the most dramatic changes occur to a beach between summer and winter. Join the Lloyd Center on Sunday, February 3rd, at 4:00 p.m. to explore the winter beach at a unique time of day, sunset. Everyone is familiar with how a beach looks in the summer, but this walk from the Lloyd Center allows participants to explore the beach in winter.

Shaped by the forces of wind, waves, and tides, beaches are constantly changing. These drifting sands and salty, desert-like conditions make a unique habitat for plants and animals. The physical forces which shape the beach as well as how beach inhabitants manage to live in this environment will be discussed during this walk.

Interested individuals should call the Lloyd Center at 990-0505 or stop by at 430 Potomska Road, South Dartmouth to pre-register. This walk is free to members of the Lloyd Center, but there is a fee of $5. for non-members and $1. for children 12 and younger who are non-members.

Upcoming walks include: an Owl Prowl on February 10th and 24th and Winter Skies on February 17th.

Lloyd Center Seal Watch

seen basking in the sun on Pease Ledge and Gull Island off of Cuttyhunk Island on any given day in winter. Join the Lloyd Center on Saturday, February 9th, from 9:30 a.m. to 4:00 p.m. for a "Seal Watch".

On our way across Buzzards Bay in the M/V Alert II we will have ample time to watch for seabirds. As we observe the seals basking on Pease Ledge and Gull Island, we will learn about the behavior, breeding biology, anatomy and physiology of these winter visitors. We will also learn about the natural and human history of Cuttyhunk Island, the westernmost of the Elizabeth Islands.

Space is limited, so be sure to register today. This one-day adventure is being offered for $30. to Lloyd Center members and $40. to non-members. This fee includes: natural history interpretation, transportation via the M/V Alert II and hot drinks. Be sure to bring your cameras and binoculars, if you have them, to catch the spectacular view of harbor seals and the many sea birds that will be visible along the way. For pre-registration or more information contact the Lloyd Center at 990-0505. The rain date for this program is Sunday, February 10th.

Other seal watches will be offered on March 16th and April 13th. For more information on these or any other Lloyd Center event contact the Lloyd Center at 990-0505.

Civil War Lectures

HERITAGE PLANTATION

Heritage Plantation's Director, Gene Schott, is offering a Director's Choice lecture series entitled "Mr. Davis' and Mr. Lincoln's Commanders". The series will highlight the careers of Robert E. Lee and Ulysses S. Grant and investigate their skills as commanders and tacticians. The current resurgence of interest in the Civil War has prompted this offering. All lectures will be held on Tuesdays in February at 1:00 p.m. in the Theatre of the Round Barn at Heritage Plantation of Sandwich.

The first lecture, to be held February 12th, is entitled "Marse Robert". It will examine the generalship of Lee, his rise to command in 1862 and his great victories over McClellan, Pope, Burnside and Hooker.

The second, "Sam Grant", on February 19th, will trace Grant's emergence as the Union's leading general following his success at Vicksburg and Chattanooga.

The last, "The Commanders' Clash", February 26th, will detail the closing campaigns of the War from The Wilderness to Appomattox Court House.

The cost for the series is $12.00 for non-members of the Museum. The lectures are free to Heritage Plantation members. To register please call Sandie Simpson at 888-3300 extension 22.

Of special interest will be an exhibit opening on February 18th, "Les Petites Dames DeMode: Fashion Dolls by John Burbridge". This exhibit will feature 30 29" dolls, dressed in the fashions worn by women between 1850 and World War I.

To encourage members of the Portuguese community to visit the Museum, a Portuguese-speaking guide will be available on Wednesday afternoons in February to interpret the exhibits at the Museum.

The Museum thanks 1340 WNBH, New Bedford's Radio Station, for its support of the Free Wednesday Afternoon Program. The Whaling Museum is located at 18 Johnny Cake Hill in New Bedford's Historic District. For further information call 997-0046.
